# Annual School Report.

---

In reviewing the school work we feel that marked progress has been made during the past year. The teachers, Miss Chase and Miss Carter, have been faithful in their school duties, requiring their pupils to be respectful and obedient, and thorough in their recitations. Do not forget to encourage the teachers and uphold them in school discipline, if you think they deserve it, for their work is not *all* pleasant, as many seem to think. It is a great help to them to feel that the parents are interested in the schools and in the advancement of their children. We think it would well repay them to visit our schools often and see how well our children can do, for we think they merit much praise and encouragement. We thought it better to unite the schools for the year, as there were only four scholars at the Falls and two at the North. They were conveyed to the Pound and Corner schools during the fall and winter terms. By so doing, it will be seen, in the financial report, that we have more than two hundred dollars remaining in the treasury, to continue the schools for several weeks. All of the children in town will derive the benefit, especially those from the smaller schools, with no inconvenience to any of them. The following is the

## ROLL OF HONOR.
